Lillian Whitney. MD. (1)

Dr. Whitney's popular articles on health and beauty subjects in several leading magazines have been attracting marked attention for a number of years. No other writer on similar topics is better equipped for the work, for Dr. Whitney has established an envisble reputation as a specialist and is endowed with the ability to make herself easily understood by her renders. She will answer all letters relating to her department as promptly as possible. All letters should be accompa envelope and should be addressed care of this paper,

Chicago, Dec. 7.—The Chicago Feds started their annual house-cleaning today with the announcement that First Baseman Fred Beck, and Bill Jackson, utility man, have been dropped from the roster. Both were among the first to desert organized baseball for the Feddding out on him.

class contests.

As most of the delegates voted under instructions, it is presumed that the colleges will support their resolution and that intercollegiate baseball will be given up before the spring season starts. An objection by only one university, however, will force a reconsideration of the resolution by the committee, and unless a special meeting of the committee is called for the reconsideration before its regular June meeting, the single objection would have the effect of allowing one more baseball season.

NEW-YORK-DAY-BY-DAY. O-O-MEINTYRE.

New York, Dec. 7.—Christy Mathewson has returned from a clay pigeon shooting trip to Omaha, where he won a lot of friends, including the clay pigeons which he couldn't touch. As a target shooter, Mathewson can rightly be classed as the best pitcher the Giants ever had. With Mathewson were Otey Crandall, Chief Mathewson were Otey Crandall, Chief Mathewson were Otey Crandall, Chief Bender and Harry Davis. In Kansas City they were joined by Dr. F. M. Planck, the noted physician, who is a crack shot.

Bender was leading Mathewson's team at the contest but his ability could not pull them through. It may have been the presence of Dr. Planck on the opposition siate that unnerved Bender. The name of Planck has been Bender's undoing once before—but why bring up the past?

Chief Bender is one of the crack shots of the country. He has interested Mathewson in trap-shooting, just as Grantland over the middle of the street and are over the midd New York, Dec. 7.-Christy Mathewson a friend stopped him.

The story of the silly belie whose name is long ago forgotten is repeated only because it points a moral; on the other hand, Mme. Recamier's luster will never fade, as her beautiful character shines out with undiminished light by virtue of the charming qualities of her heart and mind.

At a time when women formerly "took a back seat" and believed themselves out of the running, women of today are just beginning to feel themselves. This shaken, and finally it is filtered. Add a few drops or a half teaspoonful to the rapidity with which we live, plus our fashions. We can all remember when those who were "fair, fat and forty" settled down in their rotund complants.
